COPPER TUBES

For more than 68 years, the IUSA brand, one of the world's largest copper manufacturers and distributors has established the benchmark for excellence in the HVAC & Refrigeration Industry worldwide.

- ACR
- Oxy/Medical Gas
- LPG / LNG

IUSA 1939

CAMBRIDGE-LEE INDUSTRIES, LLC

Al-Rawabet is honoured to be the sole distributor of the IUSA Cambridge Lee brand in Iraq. Our product offerings include ACR, Oxy/Medical Gas, and Refrigeration Copper Tubing, all of which are essential components for many applications. Our Refrigeration Copper Tubing is perfect for use in refrigeration systems, ensuring efficient and reliable cooling.

COPPER TUBES

We are also proud to offer copper tubing products from CLI, a leading manufacturer of copper Tubes in Southeast Asia and East Asia. CLI products are known for their high-quality materials and precise manufacturing.

We uphold optimal inventory levels at our distribution centers to meet the demands of the local market promptly. Additionally, we facilitate the procurement of a full container load of mixed or singular sizes to any client operating in the Middle East and North Africa region.
