FLEXIBLE DUCT

Al Rawabet is a leading provider of high-quality flexible ducts and accessories for a wide range of HVAC applications. Our ducts are made from flexible PVC or polyurethane, designed to fit into tight and awkward spaces, improving airflow and making installation easier

We offer customized solutions to meet the unique needs of each project, with a team of experts dedicated to working closely with clients to determine the best type and size of flexible duct for their specific requirements

Our products are versatile, cost-effective, and available in various sizes and lengths suitable for both residential and commercial applications

As a distributor of AeroDuct accessories, we are confident in the quality and reliability of our flexible duct and are dedicated to providing exceptional service and support to our valued customers

Dual Lock Grip

AERODUCT®

We take immense contentment in providing exceptional HVAC products that are crafted with the highest degree of quality. Our Flexible Duct Connector is constructed with specially chosen fabric that suits the typical requirements of each installation. This fabric is then fastened to two metal strips to create an airtight seal. As a distributor of the trusted Hira-AeroDuct brand, we stand behind the quality of our products and are committed to providing our customers with the best possible solutions for their HVAC needs.

DUCT ACCESSORIES
